Local Mention.

This will be circus Saturday.

First fires were made in many homes last Sunday.

With sunshine and Sun Bros. circus Saturday will be a big day here.

Mr. E. J. Puryear was in Louisville on business a few days this week.

Mr. and Mrs. C. W. Roark and Dr. J. Louis Roark are in Louisville on a visit of several days.

We are grateful, and don't want to appear greedy, but we should be glad to have an old-fashion rain.

The cockle burr is about made, and according to a never-failing rule, it will not be long until we will have frost.

Mr. C. A. Williams and family made a motor trip to White Plains Saturday, on a brief visit to his parents.

Mr. Charley Lovell returned to Lexington the first of the week, where he resumes work in State College.

Mr. Woods Sumner left the first of the week for Lexington, Va., where he will enter Washington and Lee University.

Mrs. J. E. Baird and child, of Guthrie, have returned to their home after a visit to Mr. and Mrs. George Lovell.

Louisville will entertain scores of Muhlenbergers this week, the State Fair proving a heavy drawing card from these parts.

Judge J. J. Rice is out again, after an attack of typhoid fever that for several weeks has kept him confined to his home.

Mr. and Mrs. John T. Reynolds are in Louisville, Mr. Reynolds attending the annual meeting of the State Bankers' Association.

Mrs. T. J. Morgan and Miss Marie Morgan were here from Russellville a few days during the week, guests of Mrs. Jennie E. Roark.

Irvin & Gilman have received a carload of 1914 model Ford automobiles and are starting the season with prospects of a largely increased business.

With favorable weather it is expected that there will be a large crowd in town Saturday, to attend the first circus we have had in two years.

THE RECORD 50c per year.

Strike Oil in Hopkins County.

While drilling a well for water on the land of the Kingston Coal Co., at Morton's Gap, the latter part of the week, a vein of oil was struck at a depth of 355 feet. State Geologist Criger, who has made an examination, pronounced the oil of very superior quality, and from investigation of the conditions believes this a fine field. The well will be continued to a depth of at least 600 feet, in hope of striking a larger vein. The strike has caused the widest interest, and it has developed that an Eastern syndicate has options on about 30,000 acres of land as to oil rights. It is more than likely that Muhlenberg is a rich field for oil. Several tests have been made here, but all prospecting was suddenly and mysteriously abandoned, all wells being plugged, and no information given out. It is thought by many that oil was found, but that it has been decided to hold development until later. Many thousands of acres of land in this county are under option on oil rights.

Rev. Z. J. Amerson Moves Here.

Rev. Z. J. Amerson and family arrived from Paintsville the latter part of the week, and will reside here, where Mr. Amerson has accepted the position of county missionary of the Baptist Association. He is a strong man, has given considerable time to such work, and will be heartily received and constantly aided by the people of this county.

See the line of Old Hickory lawn vases, chairs, tables, etc., at Roark's, durable, cheap.

Notice to A. S. of E. Members.

The board of control met a few days since and ordered the pooling contracts to be closed on Oct. 3rd. Notice is hereby given that after that date there will be no more tobacco pooled. We hope all members will see that no one is left out this year as nearly all the tobacco in the county is now pooled. The board also passed an order to allow parties not having paid their dues and also parties who are not members to pay the same on delivery of their tobacco. Be sure and place the amount of fees and dues opposite each man's name so as to save trouble on settlement.

The County Union will meet in Greenville Oct. 2nd and 3rd. Be sure and elect delegates and send as this is the time to elect officers for the coming year.

Very truly,
M. W. CARVER

Chm. Muhlenberg Co. A. S. of E.
P. S. Parties who are not members must sign an application for membership.

Concrete Improvement.

Brank street is being improved by the building of concrete pavements, closing up the gap between Main and College streets, and this will be a great convenience to large number of persons. This season has well kept pace with any preceding one in the matter of concrete pavements, several miles having been laid, and it is possible to walk to any part of town now, almost, without getting off the concrete.

Coal hauling solicited by Cecil Roark.

County Fair Dates.

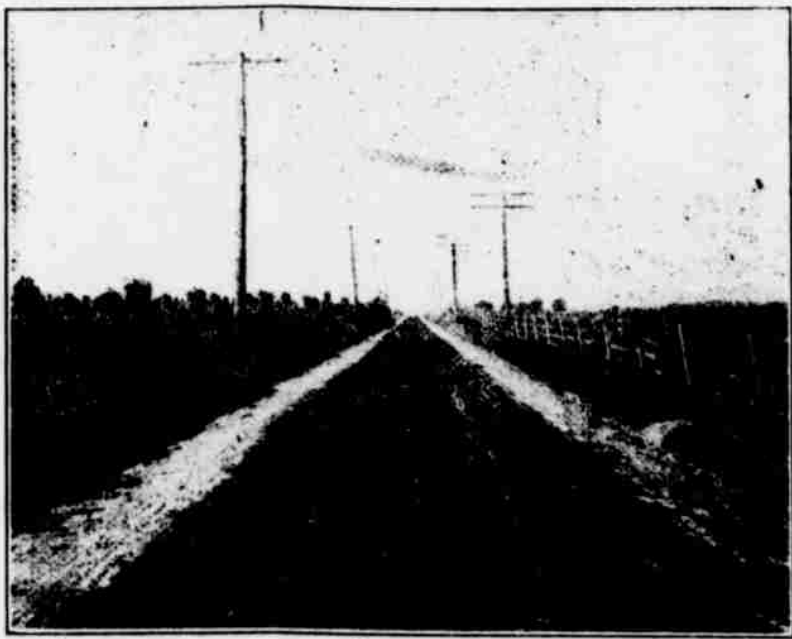

Kentucky State Fair, Louisville, September 15-20.
Allen county, Scottsville, September 18-20.
Hart county, Horse Cave, September 24-27.
Warren county, Bowling Green, September 24-27.
Logan and Robertson counties, Adairville, September 25-27.
Paducah, Paducah, September 30-October 3.
Daviss county, Owensboro, October 1-4.
Glasgow, Glasgow, October 1-3.
Galloway county, Murray, October 1-4.
Todd county, Elkton, October 2-4.
Pennecroyal Fair, Hopkinsville, October 6-11.
West Kentucky, Mayfield, October 8-11.

See Roark for window shades, wallpaper, mouldings etc.

Coal Lands Wanted.

We have clients who want to buy Western Kentucky Coal from 10,000 acres up to 500,000 acres.

W. O. Headlee,
Waynesburg, Greene Co. Pa.

GOOD ROADS DAYS.

Taking up the idea of State good roads days, as observed by many of the western states recently, the excellent plan is being adopted in Kentucky to a very satisfactory degree by many counties, which will have two days, in which every citizen of the county, practically, will give two days' work in the improvement of highways. There is concerted action in the matter, and Wednesday and Thursday, October 15 and 16, have been adopted by most all counties, active preparation for the work being well under way, wagons, plows, scrapers, rollers, rock for surface, tiling for culverts and bridges, etc., being engaged, and everything gotten in shape that the two days' work may be made most effective. Why can't we jump in line on this, and improve every foot of Muhlenberg's roads. This is the time of year when farmers are at leisure, and could furnish teams and give their labor. Residents of the town who cannot work could subscribe money, to purchase material, and if everyone would join in, giving money or effort, it would result in improvements that would pleasantly astonish us all, and benefit everyone for a long while to come. THE RECORD subscribes \$20, and will be glad to assist in every possible way in the movement, which is the most important just now that could be pushed to pleasing results.

Bad Roads.

Man must use his whips and goads driving over the rutty roads, he must often push the wagon to assist the horse or mule; and he rears and jerks the lines, and he quickly undermines all the helpful moral lessons that he learned at Sunday-school. And his wagon oft gets stuck in the gumbo or the muck and a man can hear him praying seven verses or so away; and he dances and he rants, swearing by his sacred aunts that an hour of such highway turned his golden ringlets gray. This fool thing's been going on ever since the nations dawn, and it's really only lately that the farmer took his tools and got busy making roads, singing merrily little odds, as he pushed the shining scraper and the swaybacked sorrell mules. Now over all the Western lands there are joyous toiling bands blasting up the blasted gumbo, filling up the ruts and holes; and the farmer views the sight with a spasm of delight, and he's glad that he is living, and he whoops and caracoles. And all cheerily he tracks into town to pay his tax, for there's fun in paying taxes when the money's wisely spent; though this thing of building roads of our wealth takes mighty loads, no one who is patriotic will begrudge a blooming cent.

Meeting of the Mothers' Club.

The first meeting of the year of the Mothers' Club will be held this afternoon at 2:30 o'clock at the home of Mrs. J. L. Rogers. The course of study for the year will be the various phases of child development. All who are interested in child study are invited to attend, and to join the club, if they will. This club was organized last spring, and there were several very interesting meetings held. It is hoped that much good work will be accomplished this year.

Everyone is feeling better since the showers have come and cooler weather has followed. Farmers are wearing broader smiles, finding they are in much better shape than they thought, crops are panning out beyond the hopes of a few weeks ago, merchants and business men generally are feeling fine and we shall have ample cause for Thanksgiving.

Mr. H. C. McCracken attended the old soldiers reunion at Chattanooga, during the week, and mingled with many of his old comrades. He was accompanied by his daughter, Miss Ella McCracken, who stopped over in Nashville for a visit of a few days with friends.

Program Muhlenberg County Baptist Sunday School Convention

To Be Held At

Drakesboro, Ky., October 14, 1913.

RETURN OF AN OLD FAVORITE.

Great Sun Brother's Aggregation Coming Here.

Under the same management for twenty-two years, the Sun Brothers World's Progressive Show is enjoying its usual prosperity this season. It is coming here and everything will again be new.

Everybody will want to see this great show. Two performances will be given, afternoon and night. The big Imperial programme that is presented in the Big Top, numbers among its ardent favorites some of the best acts and most expensive features that can be secured.

The seven Wallets, Australian Equestrian experts, are known all over the Globe as the World's champion's. 25 up-to-date and funny clowns cause oceans of laughter at every performance. The funny men are the pick of the profession.

Dean, and his matchless band and orchestra, are the harmony attraction and will be heard afternoon and night in delightful musical surprises. The marvelous trained elephants, known everywhere as the "greatest ever," will furnish an act that will more than astound you.

Over a hundred cleverest exponents of the art of entertainment, will meet in friendly rivalry for championship honors.

The menagerie and wild beast section is first class. The Sun Brother's Show has always been famed for its menagerie, and this year finds the German Zoologic Annex carried, one of the most complete extant, exhibiting rare and costly animals from every section of the globe.

This high class tented, exposition will appear at Greenville, Saturday, Sept. 20.

See new millinery at Rose & Drake's Friday and Saturday of next week.

For the present the LaMeade moving picture show will be operated only two nights a week, Friday and Saturday.

Miss Mary Martin and Mr. Clayton Oglesby, Miss Aileen Morton and Mr. Felix Martin motored to Dawson Springs last Sunday, spending the day at the New Century.

Mr. J. P. Morgan is in Louisville this week.

Friday and Saturday, Sept. 26 and 27, the public is invited to inspect fall millinery at Rose & Drake's up stairs, R. Martin & Co. building.

Luxury Lists Growing Amazing.

Automobiles and diamonds have increased amazingly the last year, according to the list secured by city assessor S. J. Landis. He says that he has not had any trouble in preventing taxpayers from declaring these items, but it has occasionally required suggestions from him to get such declarations. If everything increases at the same rate as these two luxuries, the city will collect enough tax money to shine with electric lights in rivalry with the diamonds, and the streets can be rebuilt in a manner that will delight every owner of a motor car, as well as others who use the streets occasionally. So may it be.

Rose & Drake, milliners, in the R. Martin & Co. building, will have fall styles on view on Friday and Saturday, Sept. 26-27.
